West Broward Performance Ensemble

Parent Volunteer Contract

Dear WBPE Parents,

For the upcoming 2024-2025 Performance Ensemble we will be asking every member to have a parent volunteer a minimum of two (2) events at the Amerant Bank Arena (Florida Panthers Arena) to help with the fundraising for the upcoming season. Amerant Bank Arena requires anyone working to be at least 18 years old. Volunteering for concerts, events or hockey games will be offered throughout the year for parents to select 2 dates to meet your volunteer requirements.

By working 2 events, $200 will be deducted from your child's fair share fees. This will reduce the 2024-2025 fees from $1,950 to $1,750. This will be reflected in the form of an invoice shortly after your second shift.

We understand that for some it will not be as easy to meet this requirement, so we encourage you to reach out to any family member (18 years or older) or family friend that can help support this initiative. We also want to clarify that once you have met your minimum of 2 events, if you choose to continue volunteering, the funds you raise during your shift will go directly toward your child's account which can be used to help pay for your fair share for Marching Season, Winter Color Guard Season or Winter Percussion Season.

Once the event calendar is available, we will share, so parents can begin to select the dates they would like to work. The volunteer period will run from July 2024 through August 2025. Every parent/guardian will have the opportunity to select the events that work best for their schedule. The unity of the West Broward Performance Ensemble Boosters directly impacts the success of the program. We all have one goal and working together to raise funds for our program is essential to make our season the best it can be.

Any funds made through Amerant Bank Arena are only available to be used for your student in the Performance Ensemble. Once student graduates, you will have the option of assigning or donating funds to another student by graduation date. If funds have not been assigned, they will automatically be deposited into the boosters operating account. If you have a future student coming in, please communicate that to the booster treasurer.

By signing below, you acknowledge the fundraising initiative made available through the Amerant Bank Arena. Please keep in mind you are making this sacrifice of your time to give the opportunity for all the students in the ensemble to flourish.

I/We acknowledge opportunity to volunteer on behalf of _____
